

PEACE TREATY MAY BE SIGNED NEXT WEEK

American Delegation Sends Word Much Progress Is Being Made—How Much Must Huns Pay?

(By Associated Press)
Washington, March 26—Messages to the White House from the American peace delegation at Paris said that greater progress toward peace is being made "than appeared on the surface." No details were given and officials are inclined to speculate on the probable basis of the dispatch. In some quarters it is assumed the American delegates are optimistic over important amendments to the League of Nations' constitution probably including Wilson's provision designed to preserve the Monroe Doctrine.

MAY SIGN TREATY NEXT WEEK

Paris, March 26—In the absence of official communiques, the public learned little about the meeting of the European premiers and President Wilson yesterday but it is believed reparation for war damages was the first serious problem they sought to solve. It is understood the British, French and Americans agree on virtually all features except the amount. The eventual draft reparation articles in the peace treaty are ready with a blank space for the amount.

After the reparation settlement, comes the Franco-German frontier along the Rhine and with that out of the way, the American delegates believe prompt conclusion of peace treaty can be accomplished, possibly not this week, but very shortly thereafter.

Meanwhile the meeting of the President and the Premiers continued into the night. It marked the initial step in taking the direction of affairs and in meeting apprehensions due to the revolution blazing up in Eastern Europe.

During the day the Hungarian revolt and its effects in bringing Bolshevism into Central Europe also, without doubt, were examined. A huge map prepared by experts showed the vast extent of Bolshevik authority which embraces virtually half of Europe.

The Premiers also had access to reports showing the extent of disorders in all sections of Eastern Europe, including private reports of a grave character around Odessa which have not yet been made public.

Another feature unofficially made public last night, showed a serious effort is being made in high quarters to join together all the peace treaties with Germany, Austria, Turkey and Bulgaria thus making one comprehensive treaty in which Germany will be linked with other Central Powers as their responsible head.

GOT MONEY FOR RAILROADS

Washington, March 26—Arrangements for making advances to railroads to meet their April 1st requirements have been completed, the War Finance Corporation announced today, explaining that making loans to the railroads is not essentially different from that pursued before the financial predicament created through failure of Congress to replenish the railroad administration fund.

Oil News

News from the field is to the effect that a number of wells are expected in shortly in Lee county.

On the Simpson Crabtree farm the Hart Oil Company broke a cable at No. 4, but will drill in Friday. On the same property the company is rigging for No. 3. This company is due in with No. 13 on the George Booth and when this is completed will move the rig on to the Crabtree which will be drilled up rapidly.

In the eastern section of Lee county a number of wells are in on Hell Creek. On the King farm the Hell Creek Oil Company has completed its initial test which is said to be a ten-barrel producer. This is located one-fourth of a mile from Thornley.

Cincinnati parties operating on the Steve Fraley, have brought in No. 3, which is said to be showing for a 25-barrel well.

The Rex Oil and Gas Company operating on the Martha Reynolds lease has Nos. 12 and 13 in which are estimated at 150 barrels each.

NO CAUSE FOR CRISIS IN EUROPEAN FINANCES

Says American Expert To A. P. After Exhaustive Study of Subject, That France Is Nearly Bankrupt.

(By Associated Press)
Paris, March 26—Persistent rumors that all Europe is on the verge of a financial collapse are not justified by facts, a prominent American financial expert, who has been studying the problem facing the peace conference for many months, said in a statement today. He said conditions are serious but not panicky and will doubtless be relieved gradually when peace is signed and embargoes lifted.

England's war debt is forty billion but proportionately no greater than at the close of the Napoleonic wars. France is nearly bankrupt, but higher taxes on wealth would meet the emergency. Italy's courage in levying higher taxes has helped her, but with the exhaustion of her foreign credits within six months, may create a serious situation. With the prospect that Belgium will get priority in the Germany war indemnity, the situation there is not so bad as the Belgians imagine.

MAY FIGHT CHANGE IN SCHOOL BOOKS

Dispatch From Frankfort Says Work of McDougle's Commission Is To Be Contested In Courts.

(By Associated Press)
Louisville, March 26—A Frankfort special to the Times says the whole state text book adoption is going to be thrown into courts, according to reliable information and if a prepared suit to enjoin it succeeds, the State Text Book Commission of which Gov. Stanley is chairman, will be compelled to open new bids and let the contracts again.

The contracts aggregate between three and four million dollars. The alleged ground for the action is that the Text Book Commission violated the law by changing more than 50 per cent of the subjects, particularly in grades.

Dr. E. C. McDougle, dean of E. K. S. N., is a member of the School Book Commission.

Wants Men For Navy

Chief Gunners' Mate G. M. Turner, of the U. S. Navy, is here for a week seeking recruits for the navy. He will be stationed at the postoffice and accept men between the ages of 17 and 35, white or colored. BAPTISTS HOLD ALL-DAY MISSIONARY MEETING

Fifteen Churches of Tate's Creek Association Represented, With Richmond Church As Hostess.

The missionary meeting at the First Baptist church Tuesday was a most inspiring and helpful one. Rev. E. B. English, the retiring pastor at Berea, and for five years secretary-treasurer of the district board of the Tate's Creek Baptist Association, made a good address in the morning. He spoke of the growth and enlargement of the missionary work in the association during the time he had served on the board. The progress made was encouraging.

Dr. J. T. Henderson, chairman of the Layman's Missionary Movement of the Southern Baptist Convention, also made an address, in which he gave a survey of the mission fields of the Southern Baptist Convention. Chief among these are China, Japan, Mexico, Africa, Italy, Brazil, Argentina, and Chili. In the afternoon he made an address on the "Stewardship of Life," in which he made a powerful appeal for a deeper consecration.

Dr. A. Paul Bagby, pastor of the Highland Baptist church, Louisville, spoke on the "Stewardship of Money," and made it clear that the Christian is to make the tenth a minimum of his giving. He also spoke in the evening on "The Three Things a Christian Should Know," based on Ephesians 1:18. It was a most eloquent and powerful address and made a wonderful impression on the audience.

Dr. Bagby not only enjoys the distinction of being a scholarly and eloquent preacher, but is also the champion golf player of Kentucky. He is an unusual combination of brilliancy of mind, agility of body, and spiritual power.

In his last address Dr. Henderson gave a history of the growth and achievements of the Layman's Missionary Movement, especially among Baptists of the South. He said that the chairman of the Layman's Committee supported six missionaries on the foreign field. Dr. Henderson is a layman who has given his life to the cause of missions and has been wonderfully successful in his work. The meeting was well attended especially by visitors and delegates from a distance. About 15 churches of the 24 were represented. The ladies of the church served a delightful lunch. The meeting on the whole was a most profitable one.

Bernstorff Strong For Wilson's Program Now

(By Associated Press)
Paris, March 26—Germany is determined to stick close to President Wilson's program in making peace with the allies. Count Von Bernstorff, former German ambassador to the United States, declared in an interview given to the Berlin correspondent of the Temps, which that newspaper prints today. If the conditions imposed go beyond that, he said, Bolshevism would gain immensely.

Oil News

It was officially announced by President Balthis, of the Dominion Oil Company, yesterday that the deal whereby the Old Dominion Oil Company was reported to have purchased the Belle Point Company has been definitely called off. This means that the Belle Point will, as originally planned, operate the holdings purchased from the Hopewell Petroleum Company for a price said to have been \$500,000.

These holdings consist of 2,004 acres south of Big Sinking Creek in Lee county, including the 900 acres on the Jefferson tract and the Shearer tract. There are 13 wells on the Shearer tract, but the Jefferson tract has not been tested and is a matter of speculative interest. The Hopewell Petroleum was capitalized at but \$75,000, being organized sometime ago. If the reported price is correct the Hopewell owners made a large profit on the transaction.

Officers and chief holders of the Hopewell Company, which it is thought, will pass out of existence with the consummation of this trade, are Bruce Haldeman, president; Chester Gouley, vice president, and J. A. Woolfolk, secretary and treasurer, these three comprising the board of directors with John Hackmeister and J. Stoddard Johnson.

President Balthis' statement puts a quietus to the report that the Old Dominion Company would take over the Belle Point Company on the basis of one share of Old Dominion (with a par value of \$100) for 350 shares of Belle Point (with a par value of \$1). As the recent market value of the Old Dominion is around \$300 and the capitalization of the Belle Point is \$1,000,000, on this basis the Old Dominion would have been paying more than \$500,000 for the Hopewell property.

State Hotel Inspector Praises Mr. Rhodes

State Hotel Inspector E. B. Weitzel of Frankfort was here Tuesday inspecting Richmond's hosteleries, restaurants, etc. Mr. Weitzel is one of the owners of the old Capital Hotel, which was up to the time it burned a few years ago, one of the most famous hotels in the country. He paid high tribute to Mr. C. C. Rhodes, who is shortly to assume the management of the Glyndon Hotel, and asserts that Richmond and all this section will have a hotel to be proud of when Mr. Rhodes gets things under way and the improvements are made that are agreed upon.

MADISON MAN GETS N. Y. DOPE THIEVES

W. S. Fish Does Good Work For Uncle Sam In Enforcing Narcotic Law—May Return Soon.

Deputy Internal Revenue Collector W. S. Fish, formerly of Madison county, is doing some fine work for Uncle Sam in catching "dope" salesmen in New York. Mr. Fish has only been on duty in the east for a few months, but he has been in some big hauls. He expects to be assigned to Kentucky again at no distant date. Mr. Fish is a son of Mr. W. C. Fish, of Richmond, and has many friends at his home here who will be interested in the following from the New York Sun about one of his raids:

Federal Agent H. B. Dobbs, "came to town yesterday," made up as a farmer, carrying a satchel containing \$1,000 in marked bills. He was supposed to be one Martin of Philadelphia. In Chambers street, near Broadway, he was approached, according to appointment, by Nathan Paul, 23, of No. 1037 Lafayette avenue, Brooklyn, who, as the police story goes, expressed the regret that 200 ounces of "dope" which "Martin" had arranged to buy had been sent to Philadelphia, but that he might be able to find the required amount here.

Accordingly he took Dobbs to a place at No. 66 Harrison street, where Jos. Poblinsky, a truckman, said to have a prison record, is reported to have exhibited a trunk filled with codeine sulphate. Dobbs, it is said, recognized it as part of the 1,039 ounces, worth \$12,000, stolen a month ago from Powers and Weightman, No. 145 Front street.

Federal Agent Fish together with Lieut. Henry Sherd and detectives of the Narcotic Squad, having followed Dobbs and his quarry, arrested Paul and Poblinsky, who are now in the Tombs.

Charles Smith, alias Fisher, said by the police to be well known to them, was located in a room at No. 352 West 23rd street, a week ago. "Spunk," Rosenberg, 29, No. 142 West 117th street, with a prison record, it is said, was seen then to carry a satchel from a taxicab to Smith's room. Detectives found the satchel containing a quantity of codeine sulphate said to be stolen from the drug house. Smith and Rosenberg were held in \$15,000 bonds and are now in the Tombs on charges burglary and violation of the Harrison drug law. The bottles seized at that time and those taken yesterday are said to be from the Front street drug house.

If You were Guaranteed A 2 to 3% Monthly Dividend You'd Buy—Wouldn't You?

Back of the Louisville Mansfield Lead and Zinc Company is the history of the Kentucky Mansfield Lead and Zinc Syndicate, whose officers and directors are largely the same gentlemen and that company, already in operation, paid a monthly dividend of 2 per cent in January and 3 per cent in February. The Louisville Mansfield Lead and Zinc Company has been organized to do just what the other company is doing but on a larger scale.

Tremendous Profits In Lead and Zinc

There is a vast empire of lead and zinc wealth in the Ozark Mountains—so great that Missouri leads all other states! It has the largest lead and zinc district of the world. The holdings of the Louisville Mansfield Lead and Zinc Company are at Mansfield, where the Mother Lode of this greatest of all districts comes nearest the surface.

Four Tracts Of Forty Acres Each

One of these 40-acre tracts is immediately between the mill of the Kentucky Mansfield Lead and Zinc Syndicate and the Red Bird Mill of W. E. Caldwell. Two test holes have already been drilled on this tract with excellent results and another is now being drilled. Work is to start on the sinking of our first shaft at once. The price should advance just as soon as the mineral is reached in this first shaft.

ER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg
Tells How.

Petersburg, Va.—“For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her.”—Mrs. W. D. WELLS, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

QUESTIONNAIRE

ANSWERS WHICH WILL SOLVE
PERPLEXING PROBLEMS OF
THIS RECONSTRUCTION ERA.

Query.—The government has launched an educational campaign to encourage building in order to put more men to work. Would not a similar movement to show how the old structures can be best and most economically repaired and made good as new also help?

Answer.—It is learned that such a plan is in effect and is linked directly with the Washington propaganda.

Industry must be turned back from works of war to the ways of peace. Employment must be found, in the meanwhile, for those whose occupation has been interrupted. There is no real surplus of labor in the United States. Rather there is a shortage, which would be acute if normal conditions were already restored, and one step towards restoring them will come with resumption of repair work.

Government restrictions, imposed by the necessities of the war program, have for many months past retarded or altogether prevented construction, improvement and repairs. These restrictions are now off, and there is scarcely a town, a city, a factory, a dwelling or a farm that does not reveal a crying need for prompt attention. Nothing delays such instant action except the feeling that prices are high for the time being and may be lower.

That is not logical. No matter what it costs to repair, the cost is less than the cost of neglect. No matter what the cost of paint, the wind and the weather will collect a higher bill in deterioration and decay.

Query.—What do you think of paint as an investment, aside from the appearance it lends? Does it really PAY to paint a house regularly, say, every three or four years?

Answer.—Good paint properly applied when needed is the main thing in making a house last long and well. A house worth \$2,500 can be painted at a cost of about \$125. In 60 years that house will need about 15 paintings, the total cost of which will be \$1,875. Left without paint, such a house would fall into complete ruin in 30 years. So taking 60 years as a basis for our figures we find that with paint a home will last that time in good condition and will cost, plus paint, \$4,375. Without paint the house would have to be rebuilt at the end of 30 years and would be ready for another complete renovation when the sixtieth year arrived. Cost, without paint, \$5,000 for a home ready to fall to pieces. Does regular painting pay? As the old Dutch adage says:

“PAINT PAYS FOR ITSELF.”

Query.—I have a quantity of old paint on hand. Can I use it for the first coat in repainting my barn?

Answer.—On no account should old paint which has become fat be used for priming either old or new work. Old paint in that condition is best used on a fence, brickwork or tinwork. If you value your barn sufficiently to paint it, do it the justice of a good job.

U. S. Invents Anti-Rust “Dope.”

Incident to the war, the government has faced the problem that has so long proved baffling to commercial concerns of protecting iron and steel from rust. In an attempt to solve this federal specialists have perfected various forms of protective coatings. In this connection it may be pertinent to ask whether commercial uses will not be found also for the so-called “dopes” which the government has invented to be applied to airplane wings and which are possessed of valuable weather-resisting and fireproof qualities.

EFFECT OF COLOR UPON THE DURABILITY OF PAINT.

Property owners who may have under consideration the painting of dwellings and other structures should remember that more durable results are obtained when tinted paints are used. Permanent coloring materials which have been ground by machine into a high grade white paint base have the effect of preventing “chalking” and “checking,” two defects which are often observed when white paints are used.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feed young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by tuning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Itching and Burning Eruptions Torture Victims.

Only those who are afflicted with Eczema, Tetter, Erysipelas boils and similar so-called skin diseases can appreciate the real terrifying discomfort that comes from these disorders.

The constant plea of those afflicted is the oft-repeated question, “How can I find relief from this constant torture?” Not palliative, temporary relief that causes the terrible itching to abate for awhile, but real genuine relief that shakes off the shackles of the disease and restores the skin to its former healthy condition.

And temporary relief is the most that can be expected from local treatment, such as ointments, salves, lotions, etc., which is one reason why these diseases seem to hold on with such tenacity. It is not because they are incurable, but because they are improperly treated, that they appear to be so stubborn and so difficult to cure.

The real cause of the disease is a germ in the blood, which multiplies by the million, and sets up an irritation in some tender location of the delicate skin.

You must locate the headquarters of the disease germ, and cut off their base of supplies. The blood is

saturated with them, and they will set up their attacks on the surface of the skin as long as they remain in the blood, no matter how much local treatment you take.

A million gallons of local treatment applied to the surface of the skin, will not eliminate the germs of the disease from the blood, and until they are eliminated your skin will never be free from the itching and burning discomfort.

If you want relief that is permanent, then take a treatment that goes right to the seat of the trouble and removes its cause. Such a remedy is S. S. S., the reliable old blood purifier that so thoroughly cleanses the blood, that every trace of disease germ is routed out, and a new supply of rich red blood is sent coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin troubles, and it can be relied upon to cleanse the blood of the last vestige of the disease. S. S. S. is also a splendid tonic and system builder, and it builds up and adds new vigor to the whole system.

Go to your drug store and get a bottle of S. S. S. to-day and begin the right treatment for skin diseases. Then write for free medical advice about your own case. Address Chief Medical Adviser, 107 Swift Laboratory, Atlanta, Ga.—(Adv.)

Richmond Daily Register

S. M. Saufey, Editor & Proprietor

The Daily Register has been laboring under grievous handicaps for the past week or 10 days, and had it not been for the neighborly kindness of its good friend, Col. E. B. Smith, of the Richmond Pantagraph, it would have been a serious question as to whether it could have been issued at all. About 10 days ago a very vital part of its press broke. The piece had to be sent to the factory for duplication, and then an expert had to come from Cincinnati. He worked faithfully all night Tuesday night and today the Daily Register is using its own press for the first time in 10 days. Space has necessarily been greatly curtailed during that time; advertisements have

had to be hurriedly arranged and news left out many times. The Daily Register's old press is now in good shape again, it believes, and will do the work required of it until the new Duplex press arrives and is installed in the paper's new home on Second street, ground for which was broken this week.

Thos. S. Rhea will announce himself shortly as a candidate for Auditor.

France's total income will not pay the interest on the national debt and there is growing dissatisfaction in Paris over the delay in making peace.

To save the credit of France and prevent serious trouble in that country, it is suggested that Great Britain and the United States endorse her loan.

Dies In California

Friends here have received news of the death of Mrs. Elizabeth Blanton Gravatt, wife of Lieut. Charles Gravatt, who passed away at San Diego, California, the 28th of February, following an operation for appendicitis. She was the oldest daughter of Mr. Sallie McDowell Blanton, now of Louisville, formerly of Cynthiana, Charlottesville, and Richmond, Va. Besides the husband who returned last year from active aviation service in France she is survived by one son, Chas., three years of age, one sister, Mrs. H. M. Boen, of Virginia, and one brother Mr. Lindsey H. Blanton, of Richmond, Virginia. Mrs. Gravatt was a niece of Mrs. David M. Sweets, of Louisville and Mrs. C. S. Holton, of this city. Also of Dr. H. M. Blanton and Mr. W. E. Blanton of this city.

ALICE BRADY TRIES HER CAST

Alice Brady is an athlete, but the entire cast that supported her in "The Indestructible Wife," are not athletes, and so it was no wonder that at the finish of the film of this, her latest Select Picture, which will be shown here Wednesday, the entire cast hid itself to a rest resort to try and recuperate from the over-amount of strenuous exercise they were forced to indulge in before the camera. What with swimming, rowing, golfing, playing tennis, running and riding, every one, with the exception of the star, was so tired at the end of each day that their weary limbs could hardly carry their weary bodies to the hotel—and to bed. But Alice, bright and charming as ever, would hie buoyant self to the Central Theatre in New York where she was playing the lead nightly in "Forever After."

COME ON

Everybody came at the same time last week and our first car of Seed Potatoes, our third car of Seed Oats, our stock of Grass Seeds, etc., went faster than we could haul them. Sorry we had to disappoint some by not being able to deliver when they wanted them, but our new supply is coming in every day and by the time you read this, we will be able to fill your order.

REMEMBER WE GUARANTEE DELIVERY IF YOU BUY.

Pay no attention to what people tell you about our goods unless they have seen them; then be sure and ask 'em all the questions you can think of. A great many of our new customers come with suspicion because they have been told by some who haven't seen themselves, that it can't be done; that the quality is not there or something is wrong. It is pleasing to us, for when they see themselves, it makes a stronger impression. They come in undecided and only half believing. They go out satisfied, enthusiastic and with a big smile.

Friends, it's no trap. It is real, genuine, and best of all, permanent, going right on; not this week and next, but on and on. Here is the secret: We buy in bigger quantities, sell a car load while the ordinary store sells a wagon load; quick turnover and small profit. We both make money when you trade at Welch's. QUALITY is our MIDDLE NAME. Come on. We pay the freight.

Seed Potatoes (best) only	\$1.25 bushel
Wheat Shorts only	----- \$2.85
Best Patent Flour (Dolly Varden)	\$1.45
Tuxedo Chop only	----- \$3.00
Tobacco Canvas (new supply now in)	8c
4-ft Fence only	----- 45c and 55c
Best granulated sugar (per 100 pounds) only	----- \$10.50

COMING THIS WEEK—1,000 bushels of Seed Potatoes, 3,000 rods of Fence, 1,500 bushels of Seed Oats, 50 bushels of Clover Seed, 100 bushels of Blue Grass, 400 bags Shorts and 1,680 bags of Dolly Varden.

ARRIVED TODAY—Grass Seeds (all kinds), Tobacco Canvas and Shorts.

We can save you money on your Farm Tools, your Harness; in fact, on any thing you want, besides giving you the choice from the largest assortment in Madison county. LOOK OUT for our prices on COW PEAS, CANE SEED and CHICKEN FEED. It's going to hurt somebody.

Every day is bargain day at Welch's. Come and see us yourself. 30 minutes from Richmond on the Dixie Highway.

Miss Tinder Entertained.

Miss Martha Tinder, who is well known here, and quite popular where she frequently visits Miss Elizabeth Hagan, was guest of honor at a miscellaneous shower given by Mrs. Chas. Clark, at North Middletown, this week. Miss Tinder's engagement is announced to Mr. Graham Young, the wedding to occur in June, and this was one of the many prenuptial events planned in honor of the bride. The bride's table was decorated with large baskets of white carnations tied with green and white tulle, and cupids holding place cards for the bride and her maids. After the shower, the guests, about fifty in number, were seated at small tables, where a salad course, hot rolls, coffee, and punch were served.

Mr. Arch Francis left recently for Bloomington, Ill., for an indefinite stay.

March 24 to the 29th

By special arrangements with the

Elite Garment Co.

we will have on display in our store about 300 Garments in Ladies Wearing Apparel consisting of Suits, Coats, Capes and Skirts for sale and delivery.

We have been handling the Elite line for years and patrons are perfectly familiar with it; but we have never been able to arrange for special openings with them. This season, however, they agreed to furnish us for One Week Only, March 24th to 29th inclusive a quantity of their garments for display and delivery if sold.

Now this is our side of the story

These Garments are on approval to us---all subject to return, our only expense being a small express charge each way so you see we take no chance. Therefore, we have a chance to benefit our patrons by giving them some special prices, while we prefer to sell them at a very small margin of profit, to returning them, and while our patrons are greatly benefited by the saving they also have such large assortments to select from.

If you need any thing or anticipate buying something in ready-to-wear later it will pay you to take advantage of this opportunity.

Ladies Suits

Ladies Suits, that would regularly retail at from \$15 to \$45 will be offered at from **\$13.50 to \$30**; Coats regularly sold at from \$15 to \$40 will be offered at from **\$12.50 to \$27.50**; Capes regularly sold at from \$15 to \$40 will be offered at from **\$12.50 to \$25.00**; about 100 Skirts that regularly sold at from \$5 to \$12.50 will be offered at from **\$3.95 to \$9.50**.

Come in early as possible before the best values are gone. Save about 25 to 33 1-3 per cent on your purchase.

The money to be raised by this extra tax is badly needed to maintain our present roads and bridges in good condition, and to build new ones where needed if Madison County is to maintain her position as one of the leading Kentucky counties.

The tax is an investment, and the benefit is direct. Every dollar to be expended in Madison county, and every district to receive its pro-rata part of the amount raised.

Better roads promote business for the merchant, increase the value of farms and the ease of marketing products, provide employment for labor and decrease the cost of carrying on the entire business of the community. They are as necessary as good schools and good morals.

The amount of the tax proposed is no more than has been donated by Madison county people to the Red Cross in the past two years. It is so small on each individual taxpayer as to be almost negligible, and the direct and positive benefit will be many times greater than the cost.

Farm and Stock News

At the administrator's sale of W. H. Roe's herd of Hereford cattle, 58 head brought \$31,135, an average of \$537 at Shelbyville last week. The highest price cow was Pet 16th, by Beau Mischief, for which F. D. Kerr, of Marietta, O., paid \$1,325. Senator J. N. Camden, of Woodford county, paid \$710 for Rupert 36th, and another bull Dex Dorian, was sold to J. H. Rouse, of Payne's Depot, for \$700.

In Nicholas county, Dr. J. W. Burns has re-purchased his farm recently sold to R. M. Smith and W. T. Parker paying, it is said, a profit of \$3,000. Mr. H. M. Taylor has also bought back his farm paying \$1,000 profit.

In Montgomery county, Mrs. W. A. Sutton, has sold her residence on North Sycamore street, in Mt. Sterling, to Robinson T. Judy, of Bath

county. This is one of the most desirable homes in Mt. Sterling, the house being of brick and stone with spacious grounds. The reported price is \$16,000. M. H. Lewis, of Montgomery county, has bought a farm near Hamilton, O., paying \$52,000 for it. His son, Charles Lewis, has moved to the place to live.

In Shelby county W. C. Stout, Jr., as agent for the heirs, sold the Mrs. Sue B. Cleveland farm of 88½ acres, at Pope's Corner, at public auction to Clifford L. Walters, for \$180 an acre. The Wakefield-Davis Realty Company report the following sales; Henry Devary's farm of 118 acres, recently purchased from Mrs. S. G. Reynolds, located four miles north of Shelbyville, on the Burk's Branch pike, sold to Clifford L. Walker for \$235 per acre.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" the brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.
